Referring to the report that there was a lack of harmony between members of the board and with Chief of Police Kiely, Mr. Stewart declared that so far as he knew there is no truth to any such rumor. Commissioner Hanion also was at Chief Kiely's office. He was present when President Stewart arrived. Both said their meeting at the Four Courts was accidental. Mr. Stewart said he had just left the meeting of the Board of Heatth, and wishing to speak to Chief Kiely about a routine police matter which will come before the board at to-day's meeting, walked to the Four Courts before going home.

Mr. Hanion likewise said his visit to the Chief's office had no special significance. "I merely wanted to talk over with the Chief a matter pertaining to the department which has been before the board." said Mr. Hanion.

As the president and commissioner left the Chief's office they were heartily laughing. They had been displaying great mirth during their conversation, which in itself seemed to be a denial of lack of harmony among the trio.

City Counselor Bates or City Counselor Woerner will represent the city. The first witnesses to be called will be Superintendent Brown of th City Hospital, Superintendent Elbrecht of the Female Hospital, Superintendent Atkins of the Insane asylum and the heads of other local institutions under the jurisdiction of the Health Commissioner.

The Chlef's suggestion as to the eighthour shift and a police-pension fund probably will be adopted also. The eight-hour shift, however, is not practicable in St. Louis, with the force now under Chief Kiely's command, and it is believed it probably will be some time before it is carried out.
